## Electrician

## $2500 sign on bonus

### Public Works Department

Keep our lights on and our streets safe as Electrician for the City of West Allis. Certified Journeyman or Master Electricians who enjoy working outside won't want to miss this opportunity. Perform the maintenance, inspection, and repair of electrical wiring systems and equipment, street lighting, lighting services in parks, playgrounds, and parking lots, lighting for public services and in public buildings, and the installation and maintenance of the traffic control system throughout the City. This position assures regular work and requires only local travel within the City of West Allis.

Qualifications: Certified Electrician at Master or Journeyman level. Completion of an approved electrical apprenticeship AND at least five years of recent paid work experience; OR high school/trade school graduate (or equivalent) and at least six years of recent paid work experience as a journey-level electrician.

## Compensation & Benefits
